Благодарности към организаторите на MUVATHON - High Tech Muve Conference „Ways Forward – Integration, Cooperation, Open Minds“

Gratitude to the organizers of MUVATHON - High Tech Muve Conference „Ways Forward – Integration, Cooperation, Open Minds“

Dear Prof. Raykov,
Dear Prof. Iotova,

Thank you very much for your kind message and for the excellent organization of the MUVATHON: High Tech MUVE Conference.

It was a true pleasure and privilege to be part of such an inspiring initiative that brings together science, innovation, and science entrepreneurship to advance medical practice and public health.

The event provided a remarkable platform for meaningful dialogue, the exchange of ideas, and the establishment of valuable connections across disciplines.

I greatly appreciate the Medical University of Varna's vision in fostering collaboration and translating scientific knowledge into impactful real-world applications. This gives me confidence that the conversations initiated during the conference will open promising opportunities for future joint projects and long-term partnerships. In this collaborative spirit, I would be delighted to continue exploring areas of mutual interest where our expertise and efforts could contribute to innovative healthcare solutions and sustainable scientific collaboration.

Thank you once again for the invitation and the opportunity to participate!

Warmly,
Milena

Dear Prof Dimitar,

On my behalf, I would like to sincerely thank the entire team and all the organizers for their dedication, warmth, and the effort that made it possible for us to be part of the MUVATHON.

The opportunity to share knowledge, exchange ideas, and connect with such inspiring professionals has been highly valuable.

I very much hope this will be the first of many opportunities to collaborate again in the future.

Thank you once again for everything.

Happy Wednesday!

--

Taryn Andersen

Dear Prof. Raykov,

Thank you very much for your kind message.

It was a pleasure to participate in the MUVATHON: High Tech MUVE Conference, and I would like to congratulate you and your team on organizing such a well-structured and meaningful event. The quality of discussions and the strong focus on bridging research with clinical application were particularly valuable. I greatly appreciate the opportunity to engage with the Medical University of Varna and its network, and we fully share the ambition of strengthening collaboration between academia and translational investment.

I also hope that this event will serve as a starting point for future cooperation and concrete joint initiatives.

Thank you once again for the invitation and excellent organization.

Kindest regards,
Stefan

Dear Prof. Raykov,

Thank you for your kind letter and for the excellent organization of the MUVATHON: High Tech MUVE Conference.

It was both an honor and a pleasure to participate in this inspiring event. As the Head of the Managing Authority, I was highly impressed by the dedication of your Academic Management and the tangible progress you are making in bridging the gap between scientific research, technology transfer, and medical practice.

Events like this are a clear testament that our joint efforts and investments in the research universities are paving the way for sustainable public health solutions and stronger science-business cooperation.

I look forward to seeing the future outcomes of these innovative initiatives and I sincerely count on our continued fruitful partnership.

Yours sincerely,

Ivan Popov

Dear Prof. Raykov,

Dear Prof. Iotova,

Thank you for your hospitality and for the outstanding organization of the MUVATHON: High Tech MUVE Conference.

It was a pleasure and a privilege to be part of such a forward-thinking and inspiring event, which fostered a shared commitment to innovation.

On behalf of the IP team in Sofia, led by Mrs. Alexieva, I would like to express our sincere thanks once again for the collaboration.

Kind regards,

Dear Prof. Raykov,
Dear Prof. Iotova,
Dear Colleagues,

Thank you very much for your kind message and for the excellent organisation of MUVATHON.
It was a real pleasure to take part in the panel and to represent both [AI Cluster Bulgaria](#) and the [Health & Life Sciences Cluster Bulgaria](#).

The discussions were truly valuable, and it was great to see such a strong focus on innovation and technology transfer.
We would be very glad to continue this collaboration and to welcome you as our guests at the [SpinOff Europa Conference 2026](#), taking place on 11–12 June in Sofia, where we focus on supporting biotech and AI-driven startups and spin-offs.

Looking forward to working together.

Kind regards,
Georgi Georgiev

Dear Prof Raykov , Academics and all participants,

It has been a great privilege to join this succesful event.

Looking forward to a bright future together.

Best regards,

Renato Del Grosso

Dear Dimitir!
Distinguished Rector Magnificus!

It was an honour and a pleasure for me to participate in the MUVATHON Project Final Conference. This is a major undertaking for the University, and the conference provided a wonderful opportunity to become acquainted with the project's extensive achievements, as well as the valuable statements and lectures of numerous invited guests from many countries, not just Europe. This is your great achievement, your dedicated team of colleagues, and the entire University community.
It was a great pleasure for me to deliver a special lecture to the Faculty of Dentistry community with the personal participation of Vice-Rector Prof. Mario Milkov. I believe the Industry Integrated Idea presented will provide an important foundation for shaping the future of dental engineering as a significant area of development, while the International Cooperation in Oral and Dental Medicine initiative I proposed will serve as a catalyst for our continued cooperation.

Sincerely and best regards,
Leszek A. Dobrzanski

Hi everyone,

Huge thanks to Prof. Raykov, Prof. Iotova, and the entire team for such a fantastic event. I really enjoyed the energy and the great conversations in Varna.

It was wonderful connecting with all of you, and I'm looking forward to seeing what kind of collaborations grow from this.

Best,

Gergana Passy

Dear Professor Raykov,

Thank you very much for your kind message.

It was a true pleasure and privilege to participate in the MUVATHON Conference. I was genuinely impressed by the quality of the discussions, the excellence of the panelists, and the strong sense of purpose that brought together such a distinguished group of scientists, innovators, and practitioners.

I would also like to commend the Medical University of Varna for the remarkable work being carried out to foster innovation and to effectively bridge research, technology, and medical practice. The dynamism of the ecosystem you are building, as well as the professionalism and quality of the conference organization, were particularly noteworthy.

In my capacity as a Board Member of the European Innovation Council, I also see strong potential for further alignment with European innovation instruments, particularly in supporting the transition from research to scalable innovation.

I am very glad to have contributed to this initiative and strongly share your vision regarding the importance of collaboration and long-term partnerships to advance innovation with real societal impact.

I look forward to staying in touch.

With my sincere thanks and appreciation,
Victoria Hernández-Valcárcel
Board Member
European Innovation Council

Dear Profs. Raykov and Iotova,

Thank you once again for the invitation and the opportunity to participate in the MUVATHON: High Tech MUVE Conference.

It was a pleasure to learn more about the Medical University of Varna and the excellent research going on at your institution.

I was particularly impressed by the vibrant scientific community you have fostered, your focus on translational medicine, and building bridges that generate dialog, new ideas and collaborations to improve public health.

I look forward to staying in touch and to future collaborations.

Warm regards,
Nora Mineva
