Call for Papers

The Conference invites paper submissions to be considered for inclusion in the scientific sessions. Paper submission must be current and topical and should preferably address one of the following topic themes:

1. Neurophysiology of pain
2. Physiology of the muscle system
3. Evidence on chronic pain developments
4. Special clinical reports
5. Interexaminer reliability tests
6. Evidence on diagnostic tests
7. Differential Diagnosis in functional disorders
8. Validated therapeutic approaches

To submit a paper/poster

The call for papers is closed. Deadline for submitting a poster: July 31, 2016.

Posters still can be submitted. Complete the registration form and indicate that you are submitting a poster for consideration. List the topic theme appropriate to your poster on the registration form. Return the form together with the abstract in English. Abstracts must be typed in 10-point font, maximum of 250 words, along with your name and organization, contact telephone number, email, and fax number. Be sure to include title and topic theme. Return the abstract to the address indicated. Further information regarding the call for papers and other conference information may be found at www.fimm-online.com.

The FIMM Scientific Review Committee consists of clinicians and scientists with conventional research training and/or experience in Manual/Musculoskeletal Medicine. Abstracts will be reviewed by at least two members of the review panel.

Selection will be based on a set of criteria, such as: scientific relevance, substantiated laboratory/field evidence, hypothesis relevance, implications for advancing the field of Manual/Musculoskeletal Medicine and relevance for clinicians.

Accepted abstracts will be published on this web site and published in the 2016 Congress proceedings book.

Papers and posters shall be submitted by E-Mail to: Dr. Simon VULFSONS, s_vulfsons@rambam.health.gov.il
