

Oncology and Rare Diseases Department

Research Group

Modelling and Simulation in Medicine

Head: Assoc. Prof. eng. Kristina Stanimirova Bliznakova, PhD

Email: Kristina.Bliznakova@mu-varna.bg

Research Interests:

- Biomedical engineering;
- Computer modeling of human tissues and tumors;
- Modeling of medical systems for image diagnostics;
- Development of software products for simulation of innovative technologies based on X-rays for medical and industrial purposes;
- Processing of biomedical images and signals.
