

# HORIZON 2020

**Project:** European Researchers' Night (NIGHT) "Researchers in the Knowledge Triangle" (K-TRIO 3)

**Programme:** Horizon 2020 Marie Skłodowska-Curie Actions - European Commission

**Implementation period:** 2018 - 2019

**Project objectives:**

- Promoting scientific excellence and innovation among the public, especially young people;
- Contributing to increasing the number of researchers and innovators in Europe;
- Raising public awareness of the achievements of large-scale initiatives and projects with Bulgarian participation supported by H2020 in the Innovation Strategy for Intelligent Specialisation priority areas and their contribution to regional development;
- Bringing researchers closer to young people and providing opportunities for children and students to learn more about the scientific achievements and careers of researchers;
- For young researchers: rally – training.
