

Project title/Contract number: Creating of a multidisciplinary educational environment for development of specialists with integral competencies in biomedicine and health care - BG05M20P001-2.016-0025

Programme: Operational Programme “Science and Education for Smart Growth”

Beneficiary: Medical University “Prof. Dr. Paraskev Stoyanov” - Varna

Partner: Varna Free University “Chernorizets Hrabar”

Total budget: BGN 1 999 588,05, of which BGN 1 699 649,84 are provided by the European Social Fund and BGN 299 938,21 by the national fund

Implementation period: 21.07.2021 – 31.12.2023

Common objective: Increasing the rating of MU-Varna and VSU in the Rating System of Higher Education Institutions, as well as increasing the rating of the professional fields included in the project proposal (PF 4. 6 Informatics and Computer Science; PF 7. 1 Medicine and PF 7. 5 Healthcare). Improving the entrepreneurial environment in both universities by improving their criteria in the instrument HEI of EU. Creation of a multidisciplinary educational environment for the development of personnel with integral competences in the field of biomedicine and healthcare, capable of creating teams, models, approaches, products and services to solve medical and health problems in a digital environment.

Specific objective:

- Introducing a competency-based model for hybrid learning in a digital environment for undergraduate and postgraduate students. It is intended to modernize and internationalize the education of students, postdoctoral students, young scientists, researchers and teachers through key digital technologies and modern teaching methods.

Secondary objectives:

- Creation and implementation of innovative master's programmes in English in the field of medicine and healthcare;
- Digitization of five PhD programmes as well as of the entire career development process for doctoral students, undergraduates and teachers;
- Career development of students, professional development of faculty and mobility of students and faculty in associated partners will be pursued.
