Várady's 34th International Workshop of Phlebology

As many already know this workshop bears some specialties:

International character – in cooperation with other phlebological societies and the German professional association for lymphology - opinions from many countries are to be heard about, practical topics and courses, semi- live operation course, intimate atmosphere, *each participant is also a referent*, topic discussions without prepared lectures. The convention has the form of a large round table talk without a program elaborated in detail. To each topic you can present your proposals or short lectures. The program, as ever before, is just globally outlined; the particular lectures are not listed, so there is still room for some surprise. *The lectures are hold in English or German language*, the beamer presentations are supposed to be shown parallel in both languages. A congress DVD will be released as every year, which you get at the congress. All participants receive a *booklet of every presentation in English and German*.

The meeting in Varna is the fourth of the series of Várady's workshop abroad, next cities: Vienna 2020, Bratislava 2021, Belgrad 2022, St. Peterburg 2023!

Sincerely **Dr. Angelov, Prof. Várady**

Place: **Hotel International*******, 9007-Golden Sands - Varna / Bulgaria
phone (fax): 0035 952 357180
e-mail: reservations@interhc.com
